

# Financial Policy

We would like to ensure that all of our patients have the opportunity to receive the dental treatment that they need. There is a great deal of confusion about dental insurance. Please remember that we do not work for any insurance company or for any PPO or HMO. **We work for you.** Our treatment recommendations are based solely on what we feel will give you the best periodontal outcome. Insurance companies' treatment recommendations are based solely on what is most profitable for them.

Payment in full is due at the time services are rendered. We accept cash, check or credit card. We also work with CareCredit, a trusted name in patient financing. Application forms are available at our front desk or on [www.carecredit.com](http://www.carecredit.com).

If you have dental insurance, as a courtesy, we will file the claim for reimbursement to you. Please provide us with your insurance information so that you can best utilize your dental benefits and we can help you get reimbursed as quick as possible.
